An aerial, black and white photograph of Islamabad, Pakistan. The central focus is the Faisal Mosque, a large white structure with a distinctive triangular roof and four tall, slender minarets. The mosque is situated on a hillside, surrounded by dense greenery. In the foreground, a winding asphalt road curves through the trees, with a single white car visible. The background shows a sprawling urban landscape with numerous buildings and residential areas under a clear sky.

3rd Floor, CIS Technology Park,
Shahrah-e-Jamhuriat, G-5/2,
Islamabad, PAKISTAN
